

The 6th International Multidisciplinary Information Technology and Engineering Conference (IMITEC 2026)

Theme: "Sustainable living through harnessing technological innovations"

26 to 27 November 2026

Misty Hills Country Hotel, Conference Centre & Spa
Muldersdrift, Gauteng Province, South Africa

CONFERENCING

Synopsis:

The year 2026 marks the sixth edition of the International Multidisciplinary Information Technology and Engineering Conference (IMITEC) as a dynamic, development-driven, and collaboration-focused research platform. It is scheduled to be hosted by the Unit for Data Science and Computing, School of Computer Science and Information Systems, Faculty of Natural and Agricultural Sciences (FNAS), North-West University (NWU), in partnership with the Department of Information Technology, Faculty of Information and Communication Technology (FoICT) and in collaboration with the Institute of Electrical and Electronics Engineers (IEEE).

Audience:

The following people are expected to be in attendance: Students, Academics, Researchers, Industry, Government, etc.

Call for Papers:

Authors are invited to submit original, unpublished research for possible presentation at the conference. Submissions featuring creative, new, transformative and innovative ideas in the field of Computing, Engineering and Technology to assist and address socio-economic-political platforms to traverse digital age are more than welcome. In this regard, papers are solicited in the following tracks but not limited to the following areas:

- Track 1: Artificial Intelligence, Robotics and Embedded Systems
- Track 2: Data Science, Data Engineering, and Big Data Analytics
- Track 3: Cyber Security, Data Privacy, Network and System Security
- Track 4: Power Systems and Renewable Energy Technologies
- Track 5: Smart Grid and Energy Management Systems
- Track 6: Internet of Things (IoT) and Smart Systems
- Track 7: Information and Communication Technology for Development (ICT4D)

Review and Publication:

All papers will under-go a double-blind peer review process to ensure high standard of quality and relevance, contributing to engaging and thought-provoking sessions. All accepted and presented papers will be published in IMITEC 2026 proceedings and submitted for inclusion in the IEEE Xplore Digital Library subject to meeting IEEE Xplore's scopes and quality requirements, thereby ensuring global visibility and acceptability

Paper Submission:

Please use the IEEE conference paper template to submit your paper: [IEEE TEMPLATE](#)

Please submit your papers through <http://www.imatec.co.za> OR you could use the following: [SUBMISSION LINK](#)

(N.B. The conference management tool will soon be activate for paper submission)

If you experience any challenges please contact the Local Organising Chair (see contacts).

PARTNERS & SPONSORS

IMPORTANT DATES

PAPER SUBMISSION	DATES (2026)
Full Paper Submission:	31 March to 31 May
Notification of Papers:	1 June to 31 July
Camera Ready Paper:	15 September 2026
REGISTRATION	DATES
Early	13 July to 15 August
Normal	17 August to 2 October
Late	12 October to 6 November

CONFERENCE FEES

Dates	IEEE Students	Non-IEEE Students
Early	\$290/R5000	\$300/R5200
Normal	\$310/R5300	\$320/R5500
Later	\$320/R5500	\$330/R5700
	IEEE Author	Non-Author/Listerner
Early	\$325/R5550	\$330/R5700
Normal	\$335/R5750	\$350/R6000
Later	\$350/R6000	\$370/R6350
